The "Lure of the South Sea Isles" was most vividly pictured in the splendid talk given yesterday afternoon at the meeting of the Tuesday Afternoon club by Miss Aline Barrett Greenwood, who, by her charming manner of address in dealing with this interesting topic, left a most pleasing impression on those who were fortunate enough to hear her.

The meeting was called to order by the president, Mrs.C. E. Hutchinson. TELLS OF SESSION BY EASTERN STAR

Mrs. Daniel Campbell Returns From Grand Chapter Meet in San Francisco

Mrs. Daniel Campbell of North Highland avenue returned last night from San Francisco and Santa Cruz. At the latter place she attended the grand chapter meeting of the O. E. S. of the state of California. At San Francisco she visited a sister and brother. She left there Monday morning by automobile with friends and arrived home about 5 o'clock last night.

Mrs. Campbell has missed only two sessions of the grand chapter since 1910 and states that the one this year has been by far the best and most interesting. Mrs. D. E. F. Easton of San Francisco, a prominent club woman and who was engaged with the Red Cros in governmental work during the war, is the grand matron this year.

Mrs. Campbell was received at the convention as the grand representative of the state of New Hampshire, which position she has held for the past three years. She states that there were about 750 delegates and more than 250 other members, making a total of more than 1000 who attended the convention. Many social affairs were given in honor of the delegates to the convention at Santa Cruz. Next year the grand chapter will meet at Coronado and in 1923 at San Francisco, at which time the grand chapter will celebrate its golden anniversary.

PARTY AT PACIFIC SCHOOL

The members of the fifth and sixth grades of the Pacific avenue school were special guests at a party given them under the direction of the room mothers of the Pacific avenue Parent-Teacher association, and Miss Circle and Mrs. Stone, teachers of these two grades. The affair was the result of a membership drive recently held, and which resulted in the members of the fifth grade succeeding in getting the largest number of mothers to join the P. T. A., and the fifth and sixth grade tying as to having secured the largest number of fathers to join. Games were played and refreshments of ice cream and cake were served to these two grades.

EXCAVATION IS COMPLETED

Excavation was completed at noon today for the new Christian church building at the northeast corner of Louise and Colorado streets. 3000 cubic yards of earth being removed in a little over four days. Authority of Labor Board Challenged at 'Peace Conference'

By LUTHER A. HUSTON
International News Service
Staff Correspondent

COLISEUM, Chicago, Oct. 26.—A virtual challenge of the authority of the United States railway labor board to order the threatened railway strike called off, or even to investigate the strike, was hurled by W. G. Lee, president of the Brotherhood of Railway Trainmen, at the first session of the rail strike "peace conference" here today.

Lee intimated that the brotherhoods were willing to have the authority of the labor board to intervene in the present controversy, tested in the courts.

While questioning of Lee was still in progress, the hearing adjourned until 2 o'clock.

When the afternoon session convened, Chairman Barton announced that an adjournment would be taken at 4:30 o'clock and that a night session would convene at 7 o'clock.

GIVE NEGRO EQUAL OPPORTUNITY, IS HARDING'S PLEA

Political, Business, Education Freedom; Racially, Socially Divergent, Says Harding

By GEORGE R. HOLMES
Written for International News Service

BIRMINGHAM, Ala., Oct. 26.—Straight into the heart of the democratic south with its millions of negroes, President Harding came today with a frank and stirring message dealing with the race problem.

The time has passed, the president said, when the problem of race is of concern only to the south, or even to the United States. It has now become a world problem, he said, and he suggested that it can be best dealt with by recognizing these fundamentals:

First—That the negro be accorded equal opportunities of political, business and education, and

Second—That there be absolute divergence racially and socially, each race with its own traditions, ideals, etc.

"Surely," said the president, "we shall gain nothing by blinking at the facts, by refusing to give thought to them. That is not the American way of approaching such issues."

President Harding spoke to a great audience of southerners gathered in Capitol park at the celebration of Birmingham's fiftieth birthday. It followed a parade through the city, and his speech dealt entirely with the industrial south and its problems.

"Men of both races," continued the president, "may well stand uncompromisingly against every suggestion of social equality. It would be helpful to have that word 'equality' eliminated from this consideration; to have it accepted on both sides that this is not a question of social equality, but a question of recognizing a fundamental, eternal and inescapable difference.

"Politically and economically there need be no occasion for great and permanent differentiation, for limitations of the individual's opportunity, provided that on both sides there shall be recognition of the absolute divergence in things social and racial.

"I would say let the black man vote when he is fit to vote; prohibit the white man voting when he is unfit to vote.

"I wish that both the tradition of a solidly democratic south and the tradition of a solidly republican black race might be broken up.

"I want to see the time when black men will vote for democratic candidates, if they prefer the democratic policy on tariff or taxation, or for-

J. G. Huntley Put on C. of C. Board by Toss of Coin

The politeness designated by the well known phrase, "You first, my dear Gaston," was exemplified yesterday afternoon at the Chamber of Commerce meeting.

In preparing the list of six holdover directors for the coming year, Secretary James M. Rhoades discovered that J. G. Huntley and C. D. Lusby were tied at the election last March. Both insisted on resigning in favor of the other and it was necessary for Mr. Rhoades to flip the coin to call the argument to a close.

Mr. Huntley won, or rather Mr. Lusby lost, which means that the former will remain on the directorate without re-election.

MASS MEETING DISCUSSES HIGH SCHOOL SITES AND THEN ADJOURNS FOR TWO WEEKS WITHOUT ACTION

Number of Citizens Give Varied Views on Proposed Location; Advance Several Propositions; Make Plea for Harmony and Unselfishness

About 450 citizens of Glendale and a few from Eagle Rock and surrounding territory met at Glendale Union High School last night, and, after several hours of lively discussion upon the subject of a new site for the institution, decided that more reflection was necessary, and adjourned until Tuesday, November 8.

As the buzzer coughed for about the thirteenth period of high school the meeting was called to order by Dr. Harry V. Brown, president of the district board of trustees, promptly at 8 o'clock. He outlined the subject for consideration in part as follows:

"This meeting has been called to consider a high school site and to call an election to vote bonds for high school purposes. For the information of those who are not informed I will give a brief summary of what has been done by the board and the citizens' committee up to this time.

Delves Into History

"On September 27, 1920, the then board of trustees called a bond issue for $420,000 to procure the block east of this present site and property fronting on Brand boulevard. As most of you know the project was defeated.

"May 10, 1920, the board called another election to vote bonds for $250,000. This project didn't include the Brand boulevard frontage, but it met with the same fate as the previous issue. It was defeated.

"This placed the board in the position of having a large family to take care of and no facilities to take care of them. It then asked for a smaller bond issue of $60,000 to tage care of the overflow. This election was successful and the funds were utilized in the erection of bungalows.

"At the time that the next to the last bond issue was defeated there was a preferential ballot as to whether the high school should remain on the present site or move. The vote was largely in favor of moving.

Responsibility For People

"The board carefully investigated high school districts around here and we found that those cities of the same size or larger are acquiring land to the extent of twenty acres or more. Pasadena, Ontario and several others have done so.

"After consulting about the matter, we find that the board has the power to make this choice provided the people are willing to vote the bonds to purchase the land. The board does not wish to assume any authority, however, which can be deigated to the people.

"This places great responsibility upon you here tonight. Please consider the matter absolutely unselfishly. Try to put yourself in the place of the board of trustees."

Judge F. H. Lowe was elected chairman of the evening and he said: "I take it that you have met here as neighbors and friends."

Defends Committee Report

After discussion following the reading of the report from the Chamber of Commerce committee recommending the adoption of a site at Broadway, Verdugo road, and Colorado boulevard, Peter L. Ferry, 614 East Acacia avenue, took the floor.

"After being the chairman of the committee appointed by the Chamber of Commerce, I wish to state the reasons why this site was selected," he remarked.

"It is nicely situated upon rolling ground and greatly adapted to school purposes. It has a well producing twenty-five miner inches of water which was quite a talking point for this committee. The street work is all in. The car line on Broadway is within one block of the site and on Wilson avenue within one block. One thing you have got to keep in mind is that this is not a Glendale proposition, but a union high school district."

The Rev. A. B. Smart, 110 Olive street, said: "This seems to me altogether the best location."

C. J. Wolff declared: "We can talk all we want to about the center of population, but at the present time the high school is in the center of population. Allow the high school to stay where it is. Spend money for new buildings."

Favors West Side Site

Alex Mitchell, 2091 Kenneth road, said: "I now believe that a site on the west side would be better. This district is building up very rap-

What's Your Reason for Living Here? Is It One Worth While?

"Why Did You Come to Glendale?" In response to that query in The Glendale Evening News last night the following answer has been received:

Mrs. William Griffin, 131 West Garfield avenue—"I came to Glendale two years ago from Los Angeles, where we lived for several years. I also lived in Santa Monica previous to that time. We decided to locate in a suburban town. We looked around the vicinity of Los Angeles, and investigated about six towns. When we got to Glendale, we thought the place so charming that we stayed. It is a beautiful, clean, and wholesome place to live. For this reason I influenced both of my daughters to buy property in Glendale also. If I were a millionaire I would choose Glendale for my home. It is a perfect joy to live in Glendale."

Similar responses from other residents are invited.

WAR HERO'S BODY IS BROUGHT HERE

Mr. and Mrs. Chas. Schaeffer's Son, Killed 'Over There,' to Receive Tribute

The Armistice was signed almost three years ago and yet today the significance and sacrifice of war is being brought to the home of Mr. and Mrs. Charles Schaeffer, 210 East Cypress street, most poignantly.

This is the day that "Bill," their son, comes home—in a flag-draped coffin!

The body of William S. Schaeffer arrived in Glendale at noon today and is now awaiting funeral services tomorrow afternoon at 4 p. m. in the Little Church of the Flowers under the direction of the Elks and the American Legion.

"Bill" Schaeffer was an electrician in San Antonio, Texas. He was a member of B. P. O. E. lodge 187, of which General Pershing is a life member, and "is" the only gold star member out of 500 Elks who enlisted from his community. Ten French orphans were adopted in his honor.

After 175 days on the front line, without relief, as a dispatch runner, Private Schaeffer was killed in the performance of his duty at the Battle of St. Miehl. He was a member of Company K, 359th Infantry, Ninetieth Division.

And now—flowers may be sent to the undertaking parlors of Pulliam & Kiefer!

CLUB WOMEN FOR INTERNATIONAL DISARMAMENT

Glendale Organization Adopts Resolution; Censorship of Movies to Be Discussed

(Continued From Page 1.)

the support of the club in every way, a copy of the resolution to be mailed to the conference at Washington.

Mrs. Hutchinson stated that at a recent conference of club presidents each one was urged to bring the matter of moving picture censorship before the members of their club, and asked the Tuesday Afternoon club women to give it their consideration so that a vote might be taken at the next club meeting.

She also reminded those present of the American Legion Queen contest and urged the support of Mrs. Warren Roberts as Tuesday club candidate.

Mrs. R. E. Chase announced that the cast for the three one-act plays, which will be given by the drama section of the club at the Glendale Theatre November 18, had been selected and were rehearsing diligently. Mrs. John Robert White announced that in two weeks she will offer an amendment to the constitution in regard to life membership.

Looked Like Tropics

The decoration committee, under the direction of the chairman, Mrs. R. D. Angelica, had arranged branches of bamboo about the platform and throughout the clubroom, which reminded one of the tropics and was quite effective and in keeping with the program given by Miss Greenwood, who was next introduced to the club members.

Miss Greenwood stated in opening her talk that nothing that has ever been said in books about the South Sea Isles has been half enough to describe the beauty and charm that is there. Everywhere you go there is a cheery and sincere greeting and a happy smile, she explained. Miss Greenwood told very vividly of the voyage to the South Sea Isles, telling first of Tahaiti and the harbor of Papeiti, with its background of volcanic mountains and cascades, the beautiful valleys rich in fruit. She also told of the costumes, customs, pearl diving and places of interest which have been much written about.

Get Up Early

The people at Tahaiti retire about 8:30 and rise at 4:30 o'clock in the morning, when everyone goes to market. There one will find the Chinese merchants and natives with their fruit of every color and description and fish spread out in geometrical shapes.

Among the other interesting points brought out by Miss Greenwood was that of the solar tide at the island, which phenomenon has never been explained. The natives of the island, she stated, are most sincere and generous. If one should make them a gift of money they will rush immediately to the Chinese stores and buy something for the giver that will cost twice as much as the money given. In telling of her departure from the island Miss Greenwood stated that her native servant presented her with a whale's tooth, a very rare gift in the estimation of the Tahaitians.

Seems Like California
Dignity in Manual Labor
New Napoleonic Exile
American Legion Week

By Gil A. Cowan

FROM northern Illinois comes the following communication to a Glendale resident :

"Despite the frost and cold weather, wax beans are still ripening in a local garden. Enough were picked from the vines the other day to provide for a dinner.

"At Morris, Ill., many strawberry patches have produced fully developed berries this month."

Sounds like California to the natives of the Sucker state, doesn't it?

Today President Harding spoke in the South at Birmingham, Ala., the center of the southern steel industry and heart of the negro population.

Equal opportunity, yet absolute divergence racially and socially was the keynote of his address pertaining to the race problem not alone in the south, but in the nation and the world at large.

More pertinent, however, to conditions existing in California was his allusion to education in which the President said he had no sympathy with "half-baked altruism" that would overstock the country with doctors and lawyers and leave no laborers.

"We are under necessity to raise honest, hard, manual work to a new dignity if we are to get it done."

There is something for all to think about. The nation made up of men who will not sully their hands is doomed. It took the war to prove that Americans all are sturdy, hardy stock who are willing to toil with their hands when the necessity arises.

There is a "first night" for everything. Grand opera is the innovation in Glendale today. Stars of the Sonora Grand Opera company are presented to local audiences by William A. Howe, lessee and manager of The Glendale Theatre.

An enthusiastic reception should greet the work of such great artists as Eduardo Lejerazu, Beatriz Pizzorni and Speria Castel while Ignacio del Castillo is truly a wonderful musical director. Music lovers will make no mistake in hearing and seeing them.

The fate of Napoleon is being meted former Emperor Charles of Austria today. The uprising which he led, having failed, now places him in the hands of friendly enemies. A British gunboat will take him down the Danube to the Mediterranean and in that sea will be interned on an island until the allies decide what shall be done.

It would be sad, indeed, if the world would forget it had a Charles or a Wilhelm. Such oblivion would be the living death of once mighty men.

A big week, November 7 to 12, is ahead of Glendale for at that time the American Legion here will stage its first united effort to obtain funds for a clubhouse. So many good things are promised that the people will likely lose sight of the entertainment being a Legion affair and everybody will enter heartily into the spirit of the festivities.

Among many interesting features of the week is the crowning of a queen, Armistice Day parade, a wrestling carnival and the Sheesley shows in general. Whatever the citizens can do to aid in making this affair successful will be appreciated by the Legionnaires.

TAD JONES HAILED AS MIRACLE MAN OF FOOTBALL

Yale Has Unbounded Faith in Mentor Who Holds Sway on the Gridiron

By JACK VEIOCK
Written for International News Service.

NEW YORK, Oct. 26.—Keep an eye on Tad Jones, the new miracle man of football.

Here's a tip that is going the rounds today among football fans in general and those who follow the fortunes of the Big Three in particular:

"Jones will put Yale back on the football map," they say. "Jones is a coach par excellence."

Yale has unbounded faith in Jones. That faith is so firmly rooted that Jones has been given full sway. Because of this his chances of success are brighter than those of any Yale coach of the last few years have been.

The Yale mentor had no real chance to show his real ability last year, yet he did it in the Harvard game despite circumstances. This year he got his first chance and his accomplishments have proved a sweet dish for Yale.

The bulldogs have played five games to date, piling up a total of 113 points. They have proved themselves a better scoring machine than Harvard with 79 points in six games, and Princeton with 40 points in four games. And they have yet to reach top form. Jones is building his team up slowly for the Princeton and Harvard games on November 12 and 19, respectively.

SOCIAL SESSION BY BUSINESS WOMEN WELL ATTENDED

is that of friendship, and that will be one of the strongest points in the organization, Mrs. Biggs stated.

Another service was that of looking after the physical welfare of the members, most of whom are employed indoors during the day. The matter of vocational guidance will also be given special consideration.

Still other matters which will be undertaken by the club are those of the establishment of a rest room in the business section where the women employed during the day may go for relaxation at noon, and also compilation of a record of boarding houses.

Seek Gymnasium Work

As scheduled at present the club will meet the second and fourth Tuesdays of every month. The first meeting will be for business and discussion of some civic question and the second meeting will be a social get-together meeting.

Miss Sara Pollard reported that she had interviewed Mr. Moyse, principal of the high school, in regard to the establishment of an evening class of women for gymnasium work and that it was believed that this would be possible if a sufficient number of women expressed their desire for this.

In the discussion which followed, during which Miss Knight explained the various lines of work which might be included in the gymnasium classes, those present expressed themselves as favoring the holding of such a class every Tuesday night. The signature of more than thirty members was secured in this connection.

Dr. Laura Brown, chairman of the hospitality committee, and Mrs. Mary Baxter, chairman of the refreshments, then took charge of the meeting and refreshments of punch and wafers were served. The gymnasium had been decorated with bouquets of chrysanthemums, under the direction of Mrs. May Myton, chairman of the decoration committee.

2½ cups flour
4 teaspoons Royal Baking Powder
1 cup milk
1½ squares (1½ ozs.) of unsweetened chocolate (melted)
¼ teaspoon salt

Cream shortening. Add sugar and grated orange rind. Add beaten egg yolks. Sift together flour, salt and Royal Baking Powder and add alternately with the milk; lastly fold in one beaten egg white. To remaining icing add 2½ squares unsweetened chocolate which has been melted. Spread this thickly between layers and on sides of cake.

Norma Talmadge in 'Sign on the Door' at T. D. & L. Today

Norma Talmadge, in "The Sign on the Door," will be the attraction extraordinary at the T. D. & L. theatre today and tomorrow.

"The Sign on the Door" is a screen adaptation of Channing Pollock's stage play of the same name which enjoyed a long and highly successful run on Broadway with Marjorie Rambeau in the leading part.

Herbert Brenon directed the production, in which Miss Talmadge has a supporting cast of unusual excellence.

In the stellar role of Mrs. "Lafe" Regan, pretty young wife of a man of wealth and high standing, who becomes involved in a tragic situation as a result of an innocent affair before her marriage, Miss Talmadge has a part which gives her histrionic ability a wide range of opportunity.

Prominent in the cast are Charles Richman as "Lafe" Regan and Lew Cody as Frank Devereaux.

Clyde Cook's comedy, "The Sailor," "Kinograms," and Henri Monnet's organ solo complete the program.

GIVE NEGRO EQUAL OPPORTUNITY, IS HARDING'S PLEA

Political, Business, Education Freedom; Racially, Socially Divergent, Says Harding

eign relations, or what not; and when they will, vote the republican ticket for like reasons.

"We cannot go on, as we have gone on for more than half a century, with one great section of our population, numbering as many people as the entire population of some significant countries of Europe, set off from real contribution to solving our national issues, because of a division of race lines."

The president warned his audience that the south must do something educationally for the negro and not make its black population "a vast reservoir of ignorance to be drained away by the processes of immigration to other sections."

The growing industrialism of the south, he said, will not permit this if the south is to continue to prosper.

In speaking of education, the president said he had no sympathy with "half baked altruism" that would overstock the country with doctors and lawyers and leave no laborers.

"We are under necessity to raise honest, hard, manual work to a new dignity if we are to get it done," he said, pointing to the fact that restricted immigration has cut off the supply of "common labor."

The president paid high tribute to the growth and resources of the south industrially.

Harding Makes Plea U. S. Bravely Face Peace Problems

By GEORGE R. HOLMES
Written for International News Service.

BIRMINGHAM, Ala., Oct. 26.—A plea that Americans face the difficult problems of peace with the same courage and patriotic endeavor that they displayed when confronted by the gigantic task of war, was voiced here this afternoon by President Harding in addressing a group of Alabama business men, whose guest he was at a luncheon at the Tutwiler hotel. It was the president's second formal address of a busy day.

"United consecration for war shall never be challenged again," said the president. "Our tasks now lie in applied concord and no less patriotic devotion in solving the problems of peace. These are not easy tasks. A world disordered amid the upheavals of war is not readily put in order again and nations torn by the fever of conflict are not readily restored to normal ways.

"But we shall succeed. Unshaken by world cataclysm, we hold our foundations to be eternally right. The nation which withstood internecine conflict so heroically fought as civil war, will tolerate the threat of no minority which challenges the supremacy of laws or endangers our common welfare."

Flower Show Will Continue Through Week, Also Sunday

The executive committee in charge of the Flower Show at Exposition park, Los Angeles, has decided to continue the event up to and including next Sunday evening, the ideal weather conditions and the increasing popularity being factors in causing the committee to make this decision.

Sunday proves to be a big day for the exposition and the continuance of the show next Sunday will enable many from the San Gabriel and San Fernando valleys and as far south as San Diego, who were kept away last Sunday on account of the rain, to attend the event.

More than 60,000 attended the first four days of the show, which establishes an attendance record as a four day total for an exposition of this nature.

The event will be informal and for members and their ladies only. As usual there will be excellent music and everything that goes to make an Elks entertainment popular. A great deal of interest is being shown by the Bills, who are going to try to make this the biggest anniversary celebration held by the local lodge, since its establishment nine years ago.

idly—about four to one over the east side. Glendale will have a population of 50,000 in ten years."

His statement that Eagle Rock and other communities in the high school district intended to erect their own school buildings was roundly scored by representatives from the places mentioned. W. L. Miller, president of the Eagle Rock Chamber of Commerce, stated that this was the first he had heard of the suggestion.

H. H. Harris, 1144 North Brand boulevard, announced his belief that the proper way to approach the situation was to hire an expert in city planning.

The John R. Gray site at Doran street and Kenilworth avenue was advocated strongly by Mr. Mitchell.

"The price is $63,000 and it is the cheapest of the three," he said.

W. L. Baker, 302 East Lomita avenue, said the site proposed at Broadway and Verdugo road was too near the business district.

Mrs. Hutchinson Speaks

Reasons why the Grey site had been found unsuitable by the Chamber of Commerce committee were outlined by Mrs. C. E. Hutchinson of 246 North Orange street. She called attention to the fact that the acreage would be reduced when the streets were put in and that the site was "eight-tenths of a mile from Brand boulevard by actual measurement."

During the evening City Attorney Bert Woodard said: "I feel that the people in Glendale want a high school and not an election in which we are fighting each other and cutting each other's throat because we are on opposing sides:"

He recommended that both an east and a west side site be placed on the ballot. This opinion was indorsed by several other speakers, including Dr. Brown.

Before the evening was over, J. R. Grey of 614 West Doran street, withdrew the site from consideration stating positively that it would never be presented again. He said that there was evidently "an intention to railroad a site on this town" and that he thought the board "wanted to buy a school site and not a street."

Meanwhile, there had been some discussion of a site owned by Judge J. M. Ross and proposed by W. B. Kelly, consisting of twenty-one acres on North Pacific avenue adjoining the Burbank car line and "almost as level as a stage floor." Later this site was withdrawn because Judge Ross stated that he did not wish to tie it up until the matter could be settled when he was taking a loss of $10,000 on it, already.

Another site belonging to E. D. Yard was then advanced by W. B. Kelly. This is located at Broadway and San Fernando road and there were immediately inquiries from different parts of the hall as to why he had not chosen a site across the line in Los Angeles.

"I am going to ask that any proposition that is submitted, be submitted in writing before any vote is taken," declared Chairman Brown.

J. M. Rhoades Urges Peace

"You can't run a town divided," declared James M. Rhoades, secretary of the Chamber of Commerce, in urging peace.

Kemper Campbell, 1412 South Brand boulevard, indorsed the idea that what was wanted was a high school and not controversy.

Frank Booth, 318 East Broadway, called attention to the fact that the meeting did not represent the real voice of the voters.

Dr. Laura J. Brown, 115 South Brand boulevard, remarked that she had watched bond issues in the community for the past eleven years and that they had nearly always produced unsuccessful results because they had been based on misplaced judgment.

The meeting closed with a motion upon the part of Mattison B. Jones, 208 South Brand boulevard, that the meeting should adjourn for two weeks. This suggestion was received enthusiastically and the audience began to file out of the hall before the motion could be put by the chairman.

H. E. Baines Opens Store and Buys Home

"Business looked so good that I immediately bought a home here," declared H. E. Baines, proprietor of the Mission Store, 107 West Broadway, yesterday afternoon, commenting on the purchase through R. D. George, realtor, of a residence at 147 South Cedar street.

Mr. and Mrs. Baines and Miss Ruth Baines expect to take possession of their new property in the near future. For the past twenty-four years Mr. Baines was a resident of Montreal, Canada. After selling his home there he came to Southern California for a change, dropped into the Chamber of Commerce for a social chat, and was advised to open a stationery store here—which he has done.

GLENDALE MIDGETS CLEAN UP AZUSA BY 20 TO 0

Local Football Squad Makes Steady Progress Through Central League Class

Coach Howard Butterfield's 130-pound Glendale high school football team continues to clean up everything in sight in the Central league midget class, the latest victims being the Citrus Union "babes." In yesterday's contest, which was staged on their home campus, the boys from Azusa were trampled on by the locals to the melodious tune of 20 to 0. The victory is another feature in the cap of the Red and Black clad athletes, which, when fully bedecked with said feathers, will represent the lightweight championship of the second largest high school circuit in the southern part of the state.

The final score of yesterday's game was not the result of good fortune or lucky "breaks," but was brought about by straight, aggressive football on the part of the Glendaleites. At no time during the game was there any doubt as to the ultimate winner of the battle, although the Citrus gridders were up and fighting throughout the four periods of play.

Runs to Touchdown

The first score of the afternoon came in the middle of the opening quarter when Roberts, star left half, circled the left end of the line for a pretty twelve yard run to a touchdown. This was made possible by a series of line plunges and skin tackle plays which took the oval from the Glendale thirty-yard line, where the kickoff was received, to Citrus' twelve-yard line. Horri kicked a perfect goal directly in the center of the uprights.

The middle two periods failed to develop any more scoring, although the several hundred spectators were given an exhibition of real football during that time. Time after time Glendale's backs would manage to advance the ball within striking distance of the Citrus goal line, but in each case they were held by the scrappy opponents line. Several times in these periods Fullback Hause of Citrus Union would boot out of danger, only to see the locals stubbornly return it to its original position.

Butts Does Good Work

The last quarter resigned itself into a battle between Halfback Butts and the Citrus eleven, with the stocky little Glendale phenom coming out on top. Both of Glendale's remaining scores were made by Butts, the first being on a line plunge in which he dashed six yards over the line with the entire Citrus team finally dragging him to the earth. Horri failed to convert.

The last touchdown, which came but a few minutes before the end of the game, was the result of a neatly intercepted forward pass and a long spectacular run of about forty-five yards. Horri redeemed his former attempt by booting the oval over the cross bar for the final digit of the score.

The game was started with McClellan, who had previously warmed the bench all season, playing fullback. After making a creditable showing both on the offensive and defensive, however, he was yanked in the third quarter in favor of Fred Hand, who is more intimately known to his friends as "greased lightning."

The lineup:

Citrus Union—Norburg, right end; Battey, right tackle; Dunlap, right guard; Harrold, center; Dorres, left guard; Whisler, left tackle; Steur, left end; Dingle, quarter; Williams, right half; King, left half; Hause, full.

Glendale Midgets—McKee, right end; Searles, right tackle; Putnam, right guard; Jeter, center; Peck, left guard; Burns, left tackle; Horri, left end; Gingery, quarter; Butts, right half; Roberts, left half; McClellan, full.

HE LOVES HIS NEIGHBORS?

The WORLD OVER
By FRANKLIN B. MORSE.
PACIFIC SPORTS SERVICE

NEW YORK, Oct. 26.—Within recent years the reverses met with during the earlier games of the season by the big universities of the country have been discounted and not too much stress placed upon them. Time was when a defeat of California, Stanford, Yale, Harvard, Princeton, Washington or Oregon teams at the hands of a minor eleven shook the football world to its foundations and was a morsel for comment and speculation for weeks after.

Since the introduction of the forward pass, which has resulted in making the game "wide open," the lesser teams have been accorded the opportunity of meeting their bigger rivals on more equal terms. That this is true is shown by the fact that the last decade of play has been fairly dotted with stories of the downfall of some big team at the hands of a small eleven which prior to the introduction of the "overhead" game, usually was predestined to defeat by some overwhelming score.

For instance, thus far this season, followers of football both on the Atlantic and Pacific coasts have read, without any undue excitement of the defeat of the great Pittsburgh team at the hands of Lafayette college by a score of 6 to 0. The fact has not set any one to saying Harvard was out of it. Princeton's gridiron machine was scored on by Swarthmore, 21 to 7, and wes defeated by the navy, but no football critic would be foolhardy enough to predict that this single touchdown made against it, or its defeat by Annapolis migitated against the chances of the Orange and Black again having just as successful season as 1920.

Ten years ago such reverses for a big team were an almost unfalling sign that there was an inherent weakness, which, in all likelihood, could not be eradicated within that particular season of play. Today it merely means that the coach of the big team probably was trying out some of the new plays in modern football which aptly have been described as "dynamite," inasmuch as the failure to execute them is quite likely to make the opportunity for the opposing team. Ten years ago such a blot on the football escutcheon of a big university eleven practically was ineradicable. Today it can be wiped out, so that scarcely a trace of it remains, if a team shows through its subsequent record that the reversal was a mere incident of preliminary play.

The so-called "wonder team" of the University of California, because it did not start out by running up the big scores this season that it did last, has set heads to wagging and tongues to clacking to the effect that the downward grade has been struck by Coach Andy Smith's charges. As a matter of fact it means no more than the fact that Princeton was scored on, or that Harvard was unable to put the ball over a weaker opponent's goal line other than by the route over the cross bar of the goal posts.

Pittsburgh and Princeton, with the record of a defeat staring them in the face, are quite as likely as not to be counted as the strongest teams in the east. So may Harvard. This is one reason why the Pacific Coast keenly is following their chances of meeting the coast's own particular champions of the Far West against the east.

SPORTS CHATTER

PACIFIC SPORTS SERVICE

Do you remember a year ago last week:

That the Pacific Coast Baseball league season closed with Vernon winning the pennant and Seattle second.

That Benny Leonard, world lightweight champion, easily outpointed Johnny Tillman in 10 rounds at Akron, Ohio.

That Leo Anderson won a ten-round decision over old Sam Langford at Portland, Oregon.

That Harvard defeated Center college 31 to 14; California defeated Nevada 79 to 7; University of Southern California defeated Stanford 10 to 0; Washington state defeated Idaho 14 to 7; Montana defeated Washington 18 to 14; Princeton defeated the Navy 14 to 0; Yale beat West Virginia 24 to 0.

Down in the town of Exeter, Calif., they have a football team that the whole county is proud of. The outfit is unquestionably one of the best football teams on the coast outside the big universities. It is composed of former stars of various colleges from all over the country, and several of the boys are born and bred products of the town they now represent on the football gridiron. Harvard varsity contributes Chrismann, an end on the 1919 crimson team. Tex Bodine playing the tackle position played the same berth while at Marquet university. Snyder will be remembered as the Oregon guard who played in the east vs. west game against Pennsylvania at Pasadena and incidentally Snyder is a four letter man from Oregon varsity. The University of Washington also has a representative in Lee Gattis who played backfield at Washington for three years. St. Mary's college is well represented on the Exeter team with such stars as Al Griggs, who plays quarter, and captains the Exeter eleven; Ted Brandon, a backfield man; Tuffy Mail, another backfielder, and Chet Brown a tackle. The University of Southern California is represented by T. Proce, a 205-pound line man of ability. All in all, the Exeter team is a well-balanced outfit and has been making a great reputation for itself throughout the southern part of the state and as its victories over the larger teams are brought out the eyes of the entire coast are looking towards Exeter.

Once again the thread-worn topic of "bush ball" enters the football arena. At the present time there is a big argument going on in Portland, Oregon, as to the eligibility of two boys on one of the high school teams. "They played bush ball" is the cry, but to date no one has been able to prove anything against them. It is the same old story over again. No matter how honest, no matter what precautions are taken to protect one's amateur status, if a boy plays "bush ball" he is immediately suspected.

Charges and counter charges are always made and the battle usually wages heavy. Some years ago in San Francisco the same trouble was brought out. It was brought out that the player did not personally receive money, but he took his girl along and a private manager and some aunts and uncles and received expenses for the whole party. He was "canned" pronto by the A. A. U. powers. Just what the Portland situation is we are not discussing, but we do know that if a lad is a good athlete or football or swimmer and chooses to play bush ball—even if he says he does not get a nickel—he automatically lays himself open to suspicion of violating the amateur laws.

Joe Gedeon's Status Sought by McCarthy

SAN FRANCISCO, Cal., Oct. 26.—President William H. McCarthy of the Pacific Coast Baseball league has wired Judge K. M. Landis at Chicago requesting a ruling as to the status of Joe Gedeon in organized baseball. Gedeon was released by the St. Louis Americans in 1919, according to McCarthy, and it was reported his release was based on alleged knowledge of an attempt to "fix the series." No further action was ever taken. Gedeon is scheduled to appear in an exhibition game at Marysville November 11, along with a number of American, National and Coast league players. If there is a ban against Gedeon, McCarthy will warn coast league players not to participate in the game with him. If there is none, Gedeon and baseball generally is entitled to know his status, McCarthy said.

H. Benjamin Robison of 407 North Louise street, a high school senior, today is quite proud of his veteran scout lapel pin which arrived recently accompanied by a letter of congratulation from James E. West, chief boy scout executive, New York City, and a life membership in the Boy Scouts.

The emblem, which is gold and blue and contains an eagle upon a diamond, represents five years of service with the Boy Scout organization. Ben Robison formerly was scoutmaster for troop No. 2. He has also served two years with the organization at Paso Robles. So far young Robison is the only veteran scout in Glendale but he expects to be joined next year by several local scouts who are in line for this honor.

It is with extreme delight that music lovers of this city note the engagement of Eduardo Lejarazu, that great baritone who, with other stars of the Sonora Grand Opera company, will present a program of operatic and popular selections at the Glendale theatre, starting tonight.

This artist has a voice of wide range, with every note of good strength, his high register showing some fine vibrant tone.

"Rage of Paris" on Screen

"The Rage of Paris," a colorful Universal photodrama, presenting for the first time the spectacular blonde beauty, Miss du Pont, will be the screen feature today and tomorrow. The picture is a screen adaptation of a magazine story, "The White Peacock Feather," by Du Vernet Rabel.

"The Rage of Paris" is a vivid narrative of a girl's struggle between love and her mother's selfish desires. She relinquishes her lover and marries the man of her mother's choice. He has wealth and good looks—but she loathes him when he proves himself a despicable cad.

She has been cheated out of life, and she determines to leave her husband. She goes to Paris, takes up dancing, and scores such a tremendous success that she becomes "The Rage of Paris." In all the glamour and fame, she still craves the love of the man denied her by a selfish mother.

The working out of this intensely interesting drama carries the story from the night life of Paris to the sands of Arabia.

Rommel Construction Co. Gets Contract for P. W. Parker Building

The contract for the construction of Philip W. Parker's store building, which will adjoin the Lawson building on the west side of North Brand boulevard, between Wilson and California avenues, has been awarded to the Rommel Construction company, 131 South Brand boulevard, it is announced by H. E. Rommel of the company.

The two-story brick building will be 50 by 60 feet, with three stores on the first floor and four double apartments on the second. The front will be of red ruffle brick with inserts of Batchelder tile, the latter being furnished by Joseph Fortunato of 534 North Isabel street.

All the bath rooms and drain boards of the apartments will be tile, and the work in every particular, states Mr. Rommel, will be up-to-date.

Work will start the first of next week and Mr. Rommel says it will progress with the same rapidity which marked the construction of the store building at the southwest corner of North Brand boulevard and Doran street.

Bee Men to Meet in Los Angeles, Nov. 4-5

Arrangements have been completed to hold a two-days' "get-together" meeting at the Exposition Park Assembly hall, Los Angeles, November 4 and 5, of all beekeepers, whether they have one or a thousand colonies. This will be a non-partisan "get acquainted" meeting and efforts will be made to effect an organization of beekeepers, displacing all others. Questions of vital interest to the industry are at stake. A good program has been arranged and speakers will be present.

A prize of $10 worth of supplies will be awarded the person offering a name for the new organization acceptable to it. Send suggestions by mail to the committee in care of Box 97, Glendale. The presence and counsel of all bee men is earnestly requested.

Await Government Verdict

BAKERSFIELD, Oct. 26.—Entering on its seventh week the strike of the oil field workers here appeared to be awaiting the decision of the government as to whether the tie-up shall continue in the California petroleum industry. The workers are holding no meetings, but a quorum of the district council of the union remains at headquarters here.

Seeks Home for Infant

SAN FRANCISCO, Oct. 26.—Not because she does not want it, but because she cannot afford it, Mrs. C. A. King is advertising for the second time within a year for a home for an unborn baby.

"A mother has to have foresight as well as love," she explained today. "We have found that our two children are about all we can care for and give a proper start in life. I want my children to have training and education. Last year I gave away my little boy when he was born. He has a fine home—none better and is the biggest and healthiest baby I have ever seen."

Mrs. King is not seeking a wealthy home for her unborn baby, but a refined one. Replies to her advertisement are coming in at the rate of sixteen a day. She will make a selection within the next fortnight, when the baby is expected.

Mamma King is a practical little woman of French-Canadian stock and Papa King is more than six feet tall and weighs 195 pounds.

Fresno Wants Franchise

LOS ANGELES, Oct. 26.—Charley Lockard, business manager of the Los Angeles baseball club, returned to Los Angeles with the information that $100,000 has been subscribed by Fresno business men for a new ball park and that the fans there are expecting to get the Salt Lake City franchise next season.

"One hundred business men of Fresno have subscribed $1000 each and a ball park that would do credit to any minor league city will be completed before the start of next season," said Lockard.

"A delegation of Fresno fans will be in Los Angeles next month to attend the annual Coast league meeting. They will try to get the league officials to transfer the early games of the season from Salt Lake City to Fresno if they fall down on getting the franchise for the entire year."

Director Disappears as Charges Are Brought

REDDING, Oct. 26.—Four directors of the Anderson Cottonwood Irrigation district are having an investigation made of the disappearance of Ernest A. Schuler, a fifth director, who is charged by the other directors with having padded the district payroll to his own advantage. Schuler left with his family by automobile after being called upon to explain the alleged payroll padding. He left a valuable stock farm at Balls Ferry in charge of a foreman. Schuler's bond is ample to protect the district, it was said.

More Street Lights Sought by Eagle Rock; Water for La Crescenta

The benefit vaudeville program to be presented at Bolton hall Wednesday night under the auspices of the American Legion for E. L. Dyer, who was badly burned some weeks ago, will contain the best local talent in the community and will undoubtedly be one of the chief social affairs of the season.

Water for La Crescenta

The annual stockholders' meeting of the La Crescenta Mutual Water company was held recently and re-elected. The company is finally out of litigation and has two good wells, one of which will pump more than 65 inches. This company takes care of 628 acres and has an abundance of water for the territory. La Crescenta and Montrose can now boast of plenty of water and are rapidly building up.

Reservoir for Eagle Rock

Eagle Rock's water board, through its engineer, presented plans and specifications for a new city reservoir which is to be placed on city ground, at the northern end of Victoria street. The plans call for a steel tank with a capacity of about 300,000 gallons of water. It will cost about $6000. Bids will be received at once.

AUTO IS FOUND IN RIVER

AMHERST, Ohio—An auto reported stolen from Frank Justin of Lorain, was found at the bottom of a 150-foot cliff at Mill Hollow, on Vermillion river. No bodies were found in the debris. Sheriff Backus expressed belief that the car was deliberately run over the precipice, or that the occupants lost control of the machine and jumped to safety ahead of the crash.

The jilted girl used to take it to heart; now she takes it to court instead.

COACHELLA DATES BROUGHT HERE BY C. B. STANFORD

Party Attends Festival Last Week at Indio and Tells About Crop

A large bunch of dates of the Deglet Noor variety brought back from the Coachella Valley by Charles B. Stanford, 405 Burchett street, and displayed in the window of J. F. Stanford's real estate office, 112½ South Brand boulevard, is attracting considerable attention and a large number of visitors called today to ask about the fruit and its culture.

Accompanying Mr. and Mrs. Stanford to Coachella Valley to attend the date festival, were Mr. Stanford's father and mother, Mr. and Mrs. S. P. Stanford, 245 South Orange street. While in the valley Charles B. Stanford states they arranged for planting 80 acres of Malaga grapes.

Many Attend Festival

The annual Date Festival held last week at Indio was a largely attended affair, there being people from every part of the world, said Mr. Stanford, and interest in date culture is steadily increasing in the valley, he says. The government has two experiment stations in the valley and King C. Gillette, of safety razor fame, is planting 200 acres to dates. The Whittier Syndicate of Beverly Hills is enlarging its holdings to 600 acres of dates.

Besides the growing of dates Mr. Stanford says there is much attention being given to grape culture and vegetable crops. "We are planting an eighty acre vineyard to Malaga table grapes, and the ground is now being prepared. Table grapes in the valley yield from $800 to $1,200, and in some cases $1,700 per acre.

"The interest in date culture is increasing as the people learn more about the crop. The packing house at Indio, the only one of its kind in the United States, is paying 40 cents per pound for dates delivered. As a bunch will weigh from 35 to 60 pounds, and trees produce as many as ten or more bunches, it can readily be seen what one tree or an acre of trees will produce."

Ten Sacks of Grain Are Suddenly Dumped on Central Avenue

When W. E. Gates, driving a truck for the Union Supply company of Burbank which was loaded with sacks of grain, swung into Central avenue from California avenue yesterday afternoon, he little thought of what was going to happen.

Before he had realized the top tier of ten sacks slid clear of the truck and landed in the middle of the thoroughfare directly in front of a car in which Constable Henry Purrier of Burbank township was riding.

Luckily there was no accident other than a few burst grain bags which were soon reloaded and all parties concerned proceeded on their way.

Oregon Pine Prices Not Advanced Here

The recent announcement by a nearby lumber concern that, due to a heavy exportation of Oregon pine to Japan, the price of that kind of lumber would be advanced has caused many in Glendale to wonder if prices would be raised here. An interview with heads of the leading lumber companies of Glendale brings out that there is no raise in the price of Oregon pine here and the dealers are of the opinion there will not be.

They state that the cause of the advance elsewhere in the price of Oregon pine is due to Japan buying logs and slabs and working them up, rather than buying the finished lumber. The threatened railroad strike it is also pointed out, may have some influence on the market, but local dealers are very optimistic over the situation and state they are doing all they can for the best interests of those who are building and contemplate building in Glendale.

Selects Dead Hero to Be Buried Amid Very Highest Honor

BY WILLIAM COOK
Written for International News Service

CHALONS SUR MARNE, France, Oct. 26.—Every place of business was closed and all citizens congregated around the city hall while Edward F. Younger, a sergeant of the Fiftieth infantry, advanced into the temporary chapel where lay the remains of four unknown American soldiers to pick the one to be buried in Arlington cemetery amid highest honors.

Sergeant Younger entered the chapel alone. Behind drawn curtains he could be seen to sharply salute each coffin in turn and finally deposit a white rose on one of the caskets. Returning, he saluted Generals Allen and Rogers, after which the guard about the city hall reformed and marched away. Sergeant Younger then aided removal of the chosen casket to a chapel opposite, where the body of the unknown soldier was embalmed and laid in a coffin brought from America for the purpose. The body will be buried in this coffin at Arlington cemetery.

At 1 o'clock the coffin was placed before the entrance to the city hall, guarded by American and French troops. All Chalons filed past the casket in silent tribute to the unknown soldier. Women in widows' clothes wept as they deposited flowers on the coffin, which was draped with an American flag.

At 5 o'clock a picked American bodyguard, accompanied by a French regiment, saw the body to the Chalons railway station, where it was placed aboard a special train for Havre.

Major Robert Patrick Harbold, who assisted in the removal of the four bodies of American soldiers from the cemeteries, declared three careful examinations were made of the bodies and that no identification marks were found. No one will ever know on which battlefield the soldier fell, Harbold said.

The bodies of the three remaining doughboys will be buried in the cemetery at Romagne.

Realty Exchange Moves Into Permanent Office

The Glendale Realty Exchange, formerly located at 111-A East Broadway, has established a permanent office in Room 4 of the First National Bank building. John D. Reavis, a booster of Glendale and a firm believer in its future, in outlining the policy of the realty firm, said:

"We have been active in getting a good listing. We have two things to offer, service and experience. This is the natural result of a desire on our part to give to our clients the benefit of years of experience and the ability to close deals in the proper way, leaving no doubt about any phase of the transaction.

"We specialize in listings obtained after a manner we have devised wherein the owner of the property is left one arm free and the purchaser gets the benefit of individual agency service. We specialize also on subdivisions of tracts of land in and about Glendale believing that it is the duty of all of Glendale's well wishers to place enough acreage on the market to supply the existing demand.

"We believe that Glendale has a future beyond that of any part of southern California as a home center and that there is here the nucleus of an ideal city which can be made a self-contained entity within itself, our idea being that the individuality of Glendale is the most important thing to consider."

Excavating Begins for Cohn Building

Excavating is under way on the lot at 137 South Brand boulevard owned by James B. Cohn, 202 North Central avenue, who will have a one-story building of three store rooms erected by Fred R. Johnson, a Los Angeles contractor, who will require between 50 and 60 days to complete the job. It will fill the gap between The Glendale Evening News and the Glendale Dye Works, being the last vacant property in the block.

The architectural plan has been worked out by Henry B. Withey and the building, stated Mr. Cohn, will be very modern and first-class throughout with a terra cotta front and large show windows.

Glenn R. Dolberg Is Satisfied With Outlook

"Business is good and increasing right along," says Glenn R. Dolberg, proprietor of the Dolberg Studio, 206 West Broadway. "Since the studio was opened a short time ago I have had a good patronage. I have just finished doing some enlarging and retouching work which will be on exhibit in the window for the next few days.

"Christmas photographs are already in demand and within the next two or three weeks I expect a large number of callers who want special work done on photographs for gifts."

A MORAL TO THIS STORY

KIRKSVILLE, Mo.—It looked like a cat. But it wasn't. The night was balmy and without breeze as the beautiful little creature moseyed into the Wabash baggage room here. Sheriff Waddill "plunked" a couple of bullets into the critter. A traveling man, who nearly fainted at the shots, learned that the animal was a skunk. Horal: Pretty furs do not make pretty odors.

The decorations, which are in charge of Samuel Thompson, will be carried out in the customary colors of orange and black, with corn shocks, pumpkins and various other appropriate novelties distributed throughout the spacious room.

The other members of the dance committee are Evelyn Gregg, music; Albert Hewitt, lights; Phillip Henderson, programs; Maynard Toll, reception. The dance will not be public, although the members of the other classes and also members of the Alumni association have been invited.

Praise Service by Tropico Church to Be Given Thursday

The annual Praise Service gathering of the members of the Women's Missionary society of the Tropico Presbyterian church will take place in the church building on Thursday of this week. A large attendance is expected by the officers of the organization, who state that this is usually the best and most interesting session of the entire year.

The meeting is to be an all-day affair, the ladies planning to assemble at 10 o'clock, when a business session will be held. Following the various business transactions a social time will be enjoyed until noon, when luncheon will be served in the banquet hall.

In the afternoon a special program, which will consist of several talks and musical numbers, is being arranged for. The principal address of the day will be given by Mrs. Blow of Pasadena.
